

AND THE SURVEY SAYS....

BAFAPA Playground Survey, Spring 2017

Why: To get community input on a possible playground in LB

When: The survey was sent in the spring of 2017 and LB residents had 3 months to respond

Where: The survey was shared in and LB Newsletter and through LakeLink

Who: 72 households responded

About the respondents:

Q: How many children do you have?

55 respondents have kids

Representing 109 kids in total

16 had no children

Q: What are their ages? (of kids)

44 kids were ages <1 years - 4

34 kids were ages 5 - 9

29 kids were ages 10 - 17

Key findings Average playground visits would increase from 3.4 visits per week to 7.8 visits with better neighborhood options

Comments were overwhelmingly positive and constructive :

"Multi-generational, fits into the natural environment"

"I don't have small children anymore, but it sure would have been nice to have larger play areas on the beaches when mine were young! "

"Very excited about

this and long overdue"

"Too few children to justify the ongoing upkeep. Do not do it. "

Beach voted most likely to frequent:

1. Beach 3
2. Beach 5
3. Beach 2
4. Beach 4
5. Beach 1

"a playground for a span of ages would be great, not just for the little ones"

"it would be nice to have some exercise equipment for adults "

"Don't support a playground. Would attract too many people outside of Lake Barcroft"

"BAFAPA rules! "
